

ONE-DAY WEB-BASED PENNSYLVANIA LICENSING REVIEW COURSE

COURSE OVERVIEW

This one-day web-based exam prep licensing class is designed to assist individuals as a final review of key information that has a high probability of being on the state licensing exam. The class will be presented using a combination of live personal instruction, PowerPoint presentation of must know exam material, and key learning strategies for exam success. Examples of exam-type questions will be illustrated. Attendees will be able to ask questions to further facilitate the learning process. The web-based format enables students the ability to access traditional face-to-face classroom-type instruction at a safe learning distance. The class is ideal for individuals who have self-studied and need additional support in passing their Pennsylvania state licensing exam.
